Apprentice Fitter Technician

Location: Taree

Start building your future with MidCoast Council

Our 2027 Traineeship and Apprenticeship opportunities are a great way to gain practical experience and working towards a recognised qualification. Whether you're entering the workforce, expanding your skills or considering a career change, there are opportunities across a range of interests and pathways.

You'll receive support from experienced mentors, develop valuable workplace skills and contribute to projects that benefit our local community.

Discover why MidCoast Council is a great place to work

With opportunities across our incredible region, you could work in modern facilities, outdoors in the community or on a range of practical projects. We're committed to helping our people learn, grow and reach their goals while providing a supportive environment, to take the next step in your career.

The Opportunity

Start your career in mechanical engineering with MidCoast Council through an

apprenticeship in our Water Operations team. You'll gain hands-on experience while completing a Certificate III in Engineering – Mechanical Trade through TAFE.

Working alongside experienced tradespeople, you'll develop practical skills in maintaining and repairing mechanical systems and equipment in a water operations environment. This is a great opportunity to earn while you learn and build a strong foundation for your future career.

What You'll Learn:

- Hands-on experience maintaining mechanical systems and equipment across water and wastewater facilities.
- Practical skills in inspecting, servicing, repairing and installing mechanical equipment.
- An understanding of pumps, motors, valves and other equipment used in water operations.
- How to safely complete planned and unplanned mechanical maintenance.
- How to work effectively with experienced tradespeople while completing your apprenticeship training

We're Looking for Someone Who:

- Has a genuine interest in mechanical engineering and water operations.
- Is motivated to develop a career in the mechanical trade.
- Demonstrates reliability, commitment and a willingness to learn.
- Enjoys practical work and solving mechanical problems.
- Works safely and cooperatively as part of a team.
- Holds a P1 driver's licence or is working towards obtaining one.

This is more than just a job! It's an exciting opportunity to gain valuable experience and take your first steps towards a rewarding career in the water industry. Tell us what interests you about this opportunity and the qualities, experience and enthusiasm you would bring to the team.

Please note that to be a successful candidate for this role you'll be required to complete a pre-employment basic skills assessment and medical check (medical assessment will include a drug and alcohol test, sight and hearing, functional and medical component)

*Successful candidates will be required to obtain a General Construction Induction Card (White Card) prior to commencing on **Monday, 1 February 2027**.
