

Apprentice – Plumber (North Coast Fire and Security)

Industry

Trade – Plumbing

Description

NORTH COAST FIRE + SECURITY

North Coast Fire & Security are seeking a motivated Apprentice Plumber to join our growing team in the Mid North Coast region. This is an excellent opportunity to build your career in the fire protection industry, with hands-on experience installing, servicing, and maintaining wet fire systems in commercial and industrial environments.

What you'll do:

- Assist with installation, servicing, maintenance and repairs of wet fire systems
- Support experienced plumbers on project work
- Learn to read and interpret technical drawings and plans
- Develop skills in fault diagnosis and rectification works
- Gain experience across diverse commercial and industrial sites

About You:

- Currently enrolled in or willing to commence a Plumbing Apprenticeship
- Strong work ethic with eagerness to learn
- Good communication and teamwork skills
- Ability to follow instructions and work safely
- Valid driver's license (required)
- Construction White Card (or willing to obtain)
- Reliable and punctual
- Willingness to travel for work

Why join us:

- Full-time apprenticeship with a reputable and growing company
- Comprehensive on-the-job training and mentorship
- Exposure to specialised fire protection systems
- Opportunities for career progression in the fire protection industry
