Industry

Trade – Electrical

Description

Date posted

August 25, 2025

Closing date

18.09.2025

Job Location

Port Macquarie

Employment Type

Full-time

Are you eager to kickstart your career in the electrical industry? Stowe, an award-winning Electrical Contracting company that has been providing Electrical Services for over 100 years, is offering full-time apprenticeship opportunities for aspiring individuals like you. Opportunities include:

- **Electrical Apprenticeship**
 - Taree, NSW
 - Port Macquarie, NSW
 - Coffs Harbour, NSW
 - Tamworth, NSW

If you're currently in your 2nd to 4th year of an apprenticeship, we also welcome your applications, offering a chance to further enhance your skills and expertise.

Why Stowe?

Embark on a dynamic career pathway with Stowe Australia, where you'll receive comprehensive training and exposure to diverse commercial and industrial electrical installations and maintenance facets. As a tier-one Electrical Contracting company, Stowe takes pride in its rich history of excellence in all facets of electrical and communication installations.

Your role as an Apprentice Electrician

- Performing preparation work and installation of cable pathways and supports
- Installing electrical and communications cabling as required (both internal & external)
- Identify and terminate electrical and communications cabling (e.g. colour coding)
- Assist in testing of installed cabling systems and associated equipment
- Interpret and maintain up-to-date documentation

- Maintain good communication with teammates and other personnel at all times
- Ensure compliance with all relevant Australian Standards and site requirements
- Assistance with various project and service groups as required, including purchasing and equipment checks
- Participate in on and off-the-job training to advance your skills and responsibilities.
- Comply at all times with company policies and procedures

What you bring to the table

- Commitment to completing a 4-year apprenticeship in Certificate III Electrotechnology.
- Current Driver's Licence with reliable transport
- Construction General Induction (White Card)
- Completion of Year 10 or higher education
- Motivated, shows initiative and willingness to learn
- Reliable, punctual and enthusiastic attendance
- Diligence to safe work requirements
- Follow directions and perform tasks with excellent attention to detail
- Contributes to achieving desired outcomes and a positive work culture
- Basic computer skills, including knowledge of the Microsoft Office suite

What we offer

- Paid TAFE attendance during work hours
- Full Uniform and PPE supplied
- Electrician's Apprentice Tool Kit on commencement
- Mentorship and training by industry leaders.
- Rostered days off (RDO) and Overtime available
- Employee Assistance Program (EAP)
- Rewards & Discounts Platform for employees and their families
- Apprentice Mentoring Program to help get you started in the industry
- Learning and development opportunities, including leadership programs
- Career training, skills and opportunities for additional qualifications and licences
