

## Trainee – Civil Foundations (Port Macquarie)

### Industry

Building & Construction

### Description

#### Civil Foundations Trainee

 Port Macquarie, NSW 2444

#### Job Description

A reputable Business in the Civil construction industry are seeking a Civil Foundations Trainee to join their team in Port Macquarie.

The company specialises in drilling and concreting for foundations, basements and retaining walls. In this traineeship you will learn the technical and practical skills needed to work effectively in civil construction. You will learn a broad range of skills relevant to civil construction occupations and large scale infrastructure projects. You will develop capabilities in infrastructure and building site preparation, with the option to complete a Civil Construction Apprenticeship later on.

Suitable candidates must:

- Be committed to the 2 year Traineeship,
- Complete Cert III in Civil Foundations,
- Be reliable and willing to travel for work,
- Have drivers licence and reliable transport,
- Have or willing to obtain white card,
- Work well in a team environment,
- Have completed Careergate 3 – General aptitude testing

Job Requirements:

Applicants require their Own Car

Applicants require their Driver Licence

White Card
